

Hello GWP supporters -

As you enter this Lenten season, you are invited to journey with us - sisters around the world who are part of Global Women's Project. Attached is the Ash Wednesday page of our Lenten devotional calendar. The calendar is full of scripture, stories from our global partners, and reflections for your own living.

If you would like to have a paper copy of the calendar or get one page each day by email, please reply to this address.

May Lent lead to new insight and depth in your life!

International Women's Day is also at hand, on March 8. Would your congregation like to celebrate stories of women (in our heritage and in this day) in worship? Please visit [www.globalwomensproject.org](http://www.globalwomensproject.org) for liturgy, music and meditations for International Women's Day.

Anna Lisa Gross, for the GWP steering committee (Carrie Eikler, Myrna Frantz, Nan Erbaugh, Anna Lisa Gross and Judi Brown)

*If you've already received a calendar, thank you so much for your support!*

### Week One: United States

*Ash Wednesday Acts 16:11-15*

Global Women's Project is rooted the Church of the Brethren of the US, and the steering committee members live around the US. Though not all people in the US are rich (and not all people in developing countries are poor) GWP's education about luxurious lifestyles is focused on the US. We seek to live simply that all may simply live, and believe that our empowerment is intrinsically woven with the empowerment of women and men around the world.

Learn about a woman in leadership in another country today. Go to your bookshelf, online or to the library and share with a loved one what you've learned about this woman.
